## EXPERIENCE

An up-to-date sample of my design work can be found at [www.deaghean.com](http://www.deaghean.com).

### **Senior Multimedia Specialist — Office of Research, University of Missouri (2009 - present)**

I am responsible for designing the web edition of Illumination Magazine (<http://illumination.missouri.edu>), a biannual magazine promoting the University of Missouri's research endeavors. This includes creating slideshows and animations that expand on the content of feature articles. I also manage the Office of Research web site.

### **Web Designer / Programmer — Law and Economics of Innovation Conference (2007 - present)**

I designed the web site for the Law and Economics of Innovation (<http://innovationforum.gmu.edu>), a conference jointly sponsored by Microsoft and the George Mason University Law School. Also programmed a simple registration system to compile a list of attendees.

### **Web Designer / Programmer — Web Communications, George Mason University (2000 - 2009)**

I designed a wide variety of web sites for George Mason University, including the university top page at [www.gmu.edu](http://www.gmu.edu). I have also created a numerous web applications using PHP and MySQL, and performed various system administration tasks on both Linux and Windows servers.

### **Web Designer — New Directions Institute (2003 - 2006)**

I designed and managed the web site for New Directions Institute for Infant Brain Development.

## SKILLS

### **I can:**

- ▶ Design beautiful web sites that adhere to web standards and accessibility guidelines.
- ▶ Program web applications using PHP and MySQL.
- ▶ Create graphics and animations with industry-standard applications such as Photoshop, Flash, and Illustrator.
- ▶ Layout printed materials with programs like InDesign and QuarkXPress.
- ▶ Create Powerpoint or Keynote presentations.
- ▶ Perform system administration tasks on Windows, Mac, and Linux systems.
- ▶ Quickly learn new programs and technologies.

## AWARDS AND ACCOLADES

Outstanding Achievement Award, May 2008 (<http://gazette.gmu.edu/articles/11934/>)

Employee of the Month, October 2005 (<http://gazette.gmu.edu/articles/7231/>)

## EDUCATION

Bachelor of Arts in Art and Visual Technology (Graphic Design), George Mason University, 2005
